**\*All departmental/inter-business unit journals entries, including those between Healthcare and University, must reach Central level workflow approval by 5pm on the dates listed above.**

You are encouraged to submit journals entries before the due dates whenever possible. Early submissions aid in keeping the financial system accurate and current. Please note that all Journal Entries on Grants are subject to Emory's [Cost Transfer Policy](#).

Journals should be reviewed after month-end close for entries that did not post.

If a journal does not post during the month specified in the batch header, it will expire. You will need to submit the journal the next month by [copying the expired journal](#), thus creating a new journal in the current period. Supporting documents should be reattached and the current month journal submitted again for workflow approval. Please [delete the original expired journal](#). If the journal is not deleted, all entries from the prior period will be deleted by Finance as soon as the 7th business day of the month.

Thank you for promptly submitting your entries. If you have any questions, please contact [compass@emory.edu](mailto:compass@emory.edu).
