

Documenting Saved Customizations

Overview

Dashboards are generically designed for wide-spread campus use. Users have the option to customize most dashboards to meet their individual reporting needs. These customizations are specific for the user that created them and are not available for others to view or use in EBI. It is recommended that users document how they create all of their customizations. The documentation can then be shared with other users for them to recreate the customization.

Create a list of your Customizations

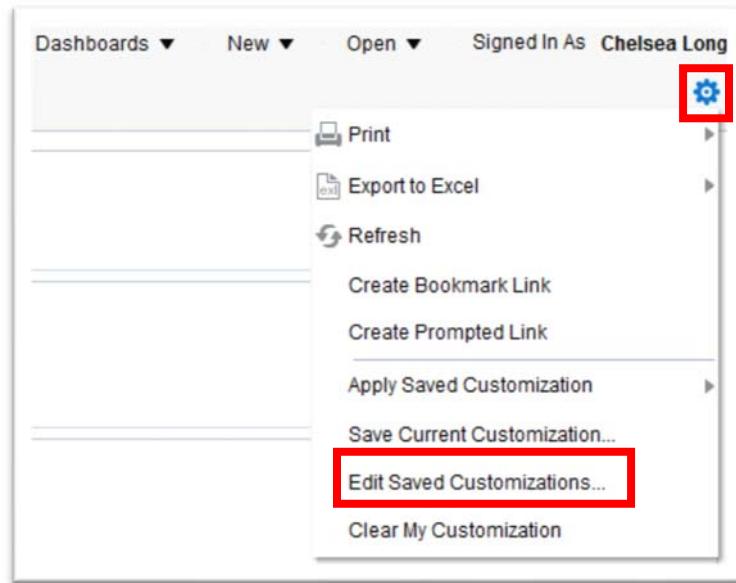

1. Log in to EBI: <https://dwbi.emory.edu/analytics>
2. Click on the Dashboards menu in the upper right corner and select the dashboard with saved customizations

The screenshot shows the top navigation bar of the EBI application. It includes a search bar, a dropdown for 'All', a magnifying glass icon for advanced search, and links for 'Request a New Report', 'Report an Issue', 'Help', and 'Sign Out'. Below this is a secondary navigation bar with links for 'Home', 'Catalog', 'Favorites', 'Dashboards' (which is highlighted with a red box), 'New', 'Open', and 'Signed In As' followed by the user's name 'Chelsea Long'.

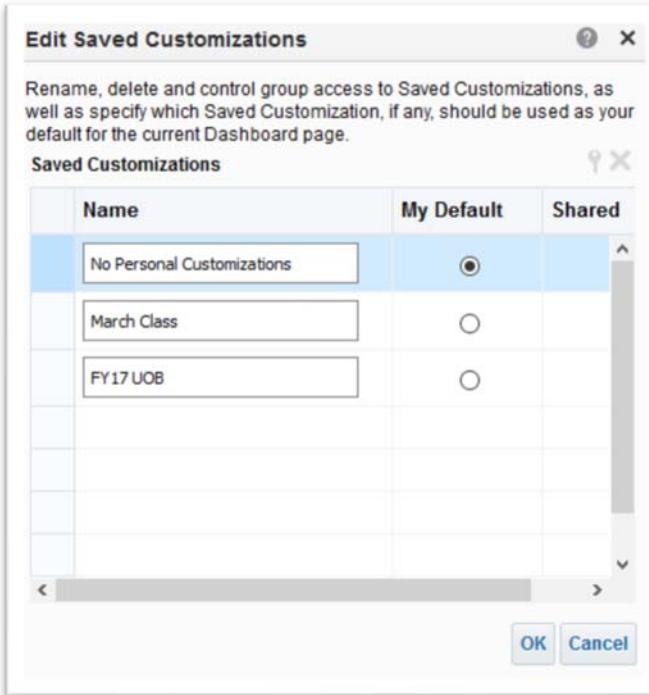

The screenshot shows the 'Dashboards' page with a sidebar on the left containing a tree view of saved customizations. The tree structure includes 'All Emory' which branches into 'Faculty Financial Summary', 'CSW - Aggregated Data', 'Error Reporting', 'Executive Dashboard', 'FMS - Management', 'FMS - Operational', and '*** SpeedType Ref Lookup ***'. Underneath this is a list of reports: 'Balance Sheet Transaction Detail Report' (which is highlighted with a red box), 'Budget Position Summary & Detail Report', 'Budget Position Summary - All Fund Codes', 'Budget Position Summary Report by Operating Unit', and 'Budget Transaction Detail Report'. At the top of the main content area, there are buttons for 'Dashboards', 'New', 'Open', and 'Signed In As' followed by the user's name 'Chelsea Long'.

Documenting Saved Customizations

3. Click on the Page Options Menu and select “Edit Saved Customizations...”

4. Copy the names of your Saved Customizations for this dashboard.

A screenshot of the 'Edit Saved Customizations' dialog box. The title bar says 'Edit Saved Customizations' with a help icon and a close button. Below it is a descriptive text: 'Rename, delete and control group access to Saved Customizations, as well as specify which Saved Customization, if any, should be used as your default for the current Dashboard page.' A table titled 'Saved Customizations' lists three items:

Name	My Default	Shared
No Personal Customizations	<input checked="" type="radio"/>	
March Class	<input type="radio"/>	
FY17 UOB	<input type="radio"/>	

At the bottom are 'OK' and 'Cancel' buttons.

Documenting Saved Customizations

5. Create your list of Customizations in Microsoft Word (or other tool of choice) for each Dashboard, example below.

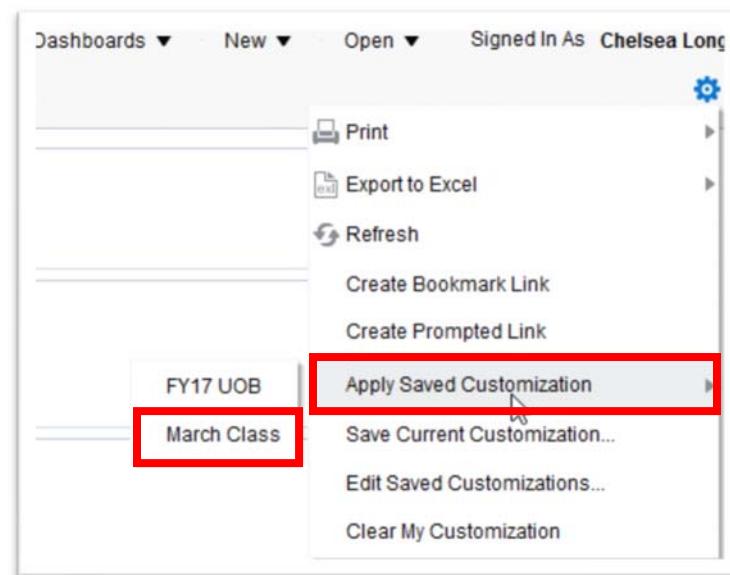

Dashboard: Budget Position Summary & Detail Report – Unrestricted Operating Budgets

Customization Name: March Class (followed by layout and prompt screenshots)

Customization Name: FY17 UOB (followed by layout and prompt screenshots)

Document the layout of your Customizations

1. Apply one of your customizations to the Dashboard by clicking the Page Options menu and selecting “Apply Saved Customization...”

2. Take a screenshot of the dashboard to show the layout of your customization. This will show the order of your columns and anything that may have been included or excluded. Paste this into your Word document under the Customization Name.

Documenting Saved Customizations

Document the Prompt Values of your Customizations

1. Scroll to the bottom of the Prompts section and take a screenshot of your Prompt Values. Paste this into your Word document under the screenshot of your customization layout.

* Indicates Required Field.
Also note: Report will return results of the entire Accounting Period of the Begin or End date. For example '12/10/2012' would include all dates greater '12/01/2012' and less than or equal to '12/31/2012', the last day in the Accounting Period.

PROMPT VALUES:

AS OF DATE 08/09/2018
BUSINESS UNIT (All Column Values)
PROGRAM (All Column Values)
OPERATING UNIT 10000- Emory College
DIVISION (All Column Values)
DEPARTMENT 833020- ECAS: Classics
EVENT (All Column Values)
FUND (All Column Values)
CLASS (All Column Values)
OPERATOR ID Chelsea Long

2. For any prompts that have multiple values, select the prompt drop-down menu and click "Search..."

Search...

Documenting Saved Customizations

- Click on the Pencil icon in the top right corner. Select all of the text, then right click and select Copy. Paste the text into your Word document. You can use this process to paste the text for that prompt in a new customization, instead of searching for each value.

Documenting Saved Customizations

A sample of what your documentation could look like is provided below.
