Dashboard: Sponsored Research Accounts Receivable Aging Report

What is the Sponsored Research Accounts Receivable Aging Report?
The Sponsored Research Accounts Receivable Aging Report provides a report of payments received by Emory on sponsored projects and their aging status, if late. The report allows users to analyze late payments on Sponsored Projects and provides details regarding the agency information, contract information, principal investigator, and invoice due dates. For late payments, aging is broken into periods of 1-30 days, 31-60 days, 61-90 days, 91-120 days, and greater than 120 days.
